

GOLDEN STATE INSTRUMENT CO.

GS-TKNVR

4-32 Channel Configurations
Turnkey IP Surveillance Solution

The GS-TKNVR is a Turn-Key video surveillance solution. This system dramatically simplifies and reduces the costs of IP video deployment. The plug and play operation enables installers with minimal network expertise to deploy an IP video system in the same or less time required for a traditional analog system. This gives the benefits of high resolution recording of Megapixel cameras with the simplicity of analog systems.

Features:

- Intel 2nd Gen Core Processor
- H.264 Compression for maximum storage
- Supports GSI's HDIP Camera Line
- 4-32 Channel Configurations
- Onvif Conformant
- Secuguard NVR Software
- Remotely View Server using Internet Explorer
- 1280 x 1024 Resolution Recording (1.3 Megapixel)
- VGA and HDMI Out
- Completely Plug and Play
- 1TB Hard Drive included
- 2 Year Warranty
